

# Lets Talk Trash!

How GIS Enables the Transformation  
of Waste to Worth

**Jill Boughton, President & CEO**

W2Worth Innovations

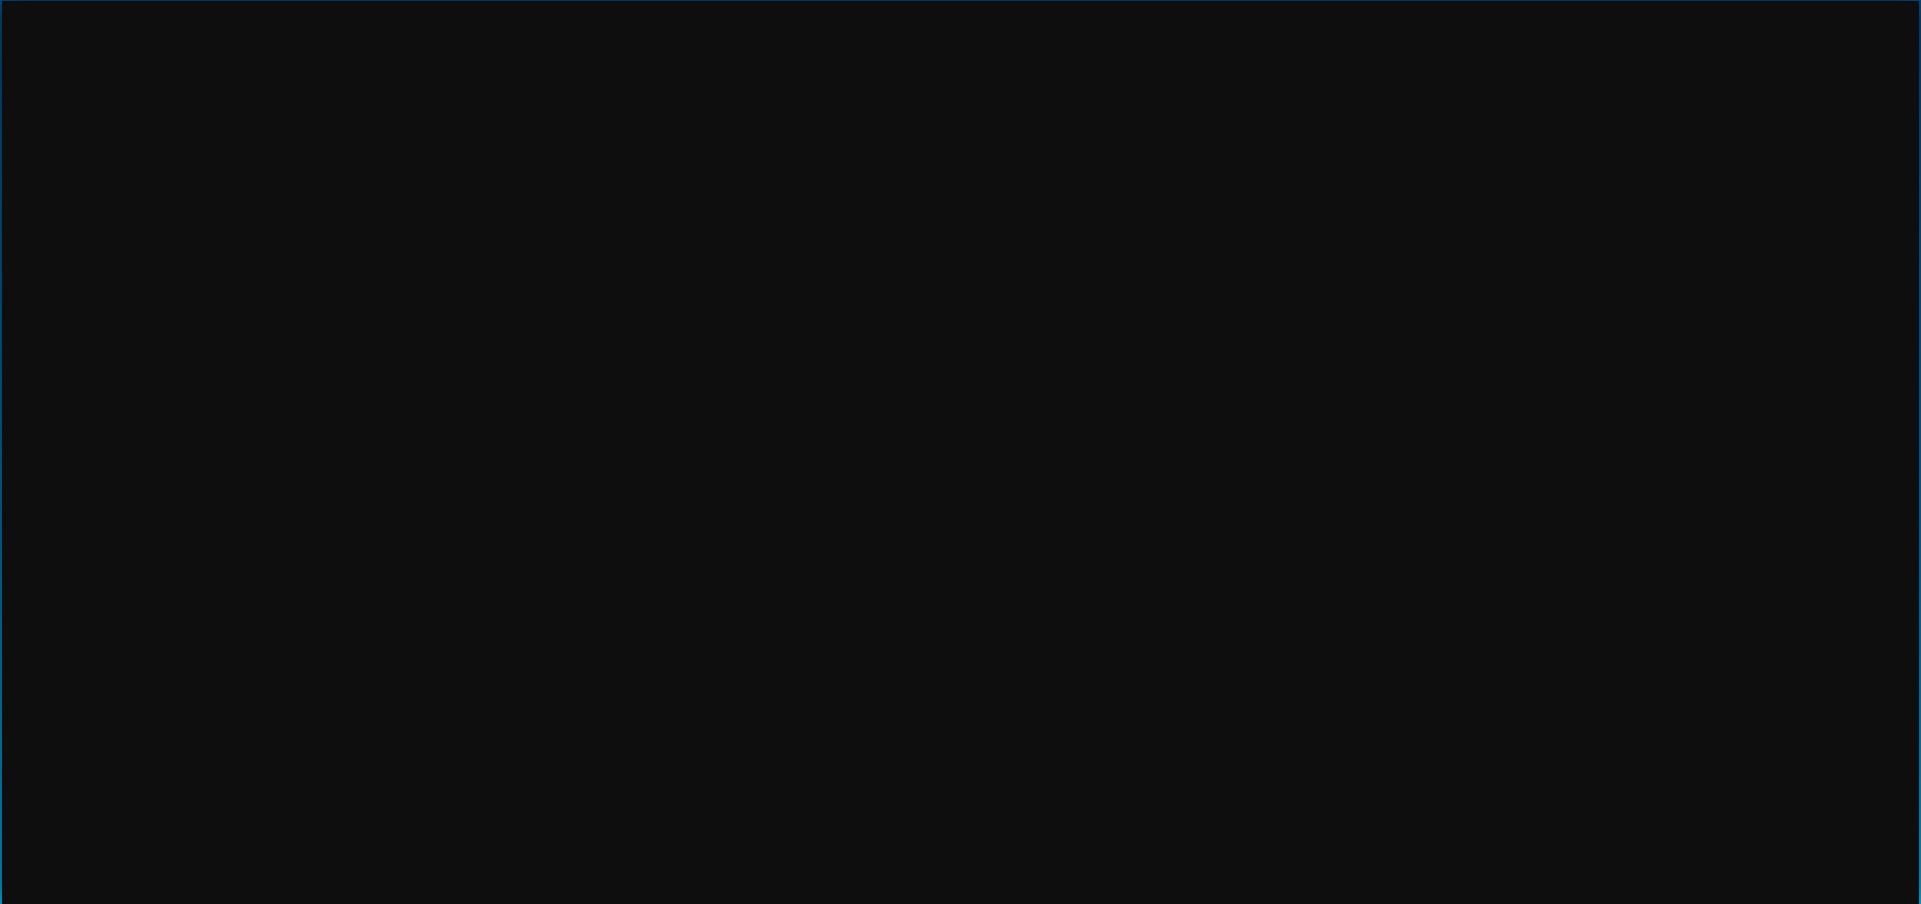

# Jill's Strange Journey

# Let's Talk Trash

Every year, we burn, pile and bury nearly 2 billion tons of waste

**By 2050, that number will triple!**

# Let's be Disruptive

Create a *New Industry* in which **ALL** waste is viewed as a **RESOURCE** to be recovered and used to stimulate *Economic Development*

Don't just eliminate waste - extract the value!

# The Enabler - GIS in the Trash Space

# The Enabler - GIS in the Trash Space

# Thank You!
