

Seafood for Tomorrow:  
*Embracing Change*

***People in industry***  
***Panel Discussion***

Amabel Fulton

Rural Development Services

## Seafood for Tomorrow: *Embracing Change*

# People in industry

**Outcome:** What are the priority labour / skillset needs of the seafood industry and how can these best be met?

Key issues:

What are the labour needs?

Do we have sufficient young leaders? How attract?

Can labour shortages be met by training? Or by our ability to pay?

What are our greatest needs for training? How meet these?

## Seafood for Tomorrow: *Embracing Change*

# Key issues / questions
