## ORNAMENTAL DEPARTMENT

**Quantity Prices**—Ten trees or more of one variety furnished at prices considerably lower than those listed below. Ask for quantity quotations. Can also furnish smaller sizes in most varieties at reduced prices. Please note that we list the caliper or diameter of the Shade and Ornamental trees offered, as well as the height. Improperly grown trees often attain considerable height without proportionate diameter, and quotations listing only the height are often misleading.

### SHADE AND ORNAMENTAL TREES

We invite your inspection of the Shade and Ornamental trees growing in our nurseries, especially our stock of Norway Maple. We believe these to be the finest samples of this variety to be found in this section and the prices the most reasonable.

Note that we quote diameter as well as height

## EVERGREENS

The price of Evergreens is governed by color and form as well as size. It is only natural that selected specimens should be worth more than the average nursery run—hence the sliding scale of prices. All trees balled and burlapped.
