Tigrinum, London**

**A. B. C. CODE—4th and 5th Editions and Western  
Union Code Used**

New York, May 1, 1915.

WE take pleasure in presenting to the Trade our Wholesale Price List for 1915. This list is only an extract from the General Illustrated Catalogue of our Yokohama House, which will be mailed upon application, and prices quoted to the Trade on any items contained therein which are not quoted in the Wholesale List.

ORDERS are shipped either in the late Fall or early Spring. We prefer Spring shipments, as there is less likelihood of goods being frozen en route at that time. Orders are accepted subject to crop, and to stock being unsold upon receipt of orders in Japan.

NON-WARRANTY. We wish it to be distinctly understood that although we take all possible pains to supply only new, genuine and unadulterated seeds, plants and bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this catalogue will be executed on these conditions only.

TERMS: Fifty per cent. net cash on delivery of the goods, balance against three months' draft, or 2½ per cent. discount on balance for cash within ten days. Orders from unknown customers accepted only when accompanied by cash for half the amount of the order, or satisfactory references.

Prices quoted are free ex cars New York, cartage extra.

<b>LESPEDEZA bicolor</b> . One of the well-known Japanese Autumnal flowers, growing 5 to 6 ft. high, and forming a fine bush. Light lilac color. By root.....	25 00
bicolor. Same as above, with white flowers. By root.....	30 00
<b>LIRIODENDRON tulipifera</b> (Tulip, or Saddle Tree). 2 to 3 ft.....	40 00
<b>LINDERA sericea</b> . Ornamental plant, having peculiar aromatic odor from all parts of the wood; most of the Japanese toothpicks are made from this wood. 2 to 3 ft.....	30 00
<b>LYCIUM Chinensis</b> (Chinese Matrimony Vine). A climbing shrub, with beautiful red berries.....	25 00

## Hydrangea

<b>Acuminata</b> . Very handsome, deep blue.....	40 00
<b>Hortensis</b> . Pink, with four to five flowering shoots on one plant.....	28 00
Pink. Standard. 1½ to 2 ft.....	35 00
<b>Hortensis Aigaku</b> . Indigo-blue, star-like flowers.....	30 00
<b>Hortensis Benigaku</b> . Rose-pink, star-like flowers.....	30 00
<b>Hortensis Shirogaku</b> . White, star-like flowers.....	30 00
<b>Hortensis rosea</b> . A new pink Hydrangea, with very thick pink petal, as if artificially made with wax.....	30 00
<b>Involucrata flore pleno</b> . Pinkish double white; of perfect ball shape.....	30 00
<b>Paniculata</b> . Strong growth, with four to five flowering shoots. 2 to 3 ft.....	30 00
<b>Scandens</b> (Climbing Hydrangea). Grows 40 to 50 ft., covering walls, old trees, etc., like <i>Ampelopsis Veitchii</i> ; the white flowers appear in great abundance and present a beautiful sight. Strong plants.....	25 00
<b>Schizophragma Hydrangeoides</b> . Very similar to <i>H. scandens</i> , with climbing habit; only differs in flower, which has less petals.....	25 00
<b>Stellata rubra</b> .....	30 00

Prices quoted are free ex cars New York, cartage extra.

## DECIDUOUS ORNAMENTAL TREES AND SHRUBS—Continued

**Magnolia**

	Per 100
Champaca. Creamy-yellow flowers. 1½ to 2 ft. ....	\$50 00
Compressa. One of the evergreen Magnolias, with small, lovely white flowers. 2 to 3 ft. ....	35 00
Conspicua. Fine white flowers; free bloomers. 2 to 3 ft. ....	35 00
3 to 4 ft. ....	60 00
Fuscata. Little cream-colored fragrant flower. ....	40 00
Grandiflora. Being grafted plants and grown in pots for one year, most of them flower the first year, even when of very small size. 2 to 3 ft. ....	30 00
Hypoleuca. A very ornamental garden tree, growing to an immense size, and producing very large, white flowers. 1 to 2 ft. ....	15 00
Kobus. Medium-sized, white flowers, shaded with pale pink at tip of the petal; it also grows to an immense size. 2 to 3 ft. ....	25 00
Longifolia. Persistent foliage, with sweet-scented, white flowers. 1½ to 2 ft. ....	35 00
Obovata. Purple flowers before the leaves; forms a nice bush. 2 to 3 ft. ....	35 00
Obovata discolor. Light purple flower. ....	40 00
Parviflora. White flowers of medium size; a peculiarity of this variety is that the flowers open downward instead of upward, as is the case with nearly all other Magnolias. 2 to 3 ft. ....	35 00
Parviflora flore pleno. Same as above, with double flowers. 2 to 3 ft. ....	40 00
Salicifolia. The latest and best addition to the Magnolia class in recent years. It is one of the hardiest kinds, coming from the northern part of Japan. The flowers are white and resemble those of M. Kobus, but are produced in greater profusion. The most striking quality of this new species, and one that distinguishes it from all others is its sweet scent, which it emits not only from the flowers, but from the bark and leaves as well, retaining this fragrance even in dry condition. This Magnolia should not be omitted from any collection. 1½ to 2 ft. ....	35 00
Stellata. Light pink; profuse bloomer. 1½ to 2 ft. ....	30 00
Stellata rosea. Deep pink; profuse bloomer. 1½ to 2 ft. ....	50 00
Watsoni. Very fragrant white flowers of good size, coming out at same time as the leaves. 2 to 3 ft. ....	32 00

**Prunus**

Mume (Flowering Plum). One of the earliest Spring flowers in Japan. Blooms in Midwinter and lasts for nearly a month. Owing to the fragrance of its flowers it is highly esteemed as New Year's decoration. A good assortment of our choice varieties of young, grafted plants. 3 to 4 ft. ....	25 00
Persica (Japanese Flowering Peach). Double, deep red, pure white, pink and variegated flowers; strong plants, with buds. 2 ft. Pot grown. ....	35 00
Persica. Open ground. 3 to 4 ft. ....	20 00
Pseudo-cerasus (Japanese Flowering Cherry). Best collection of twelve different varieties, double and semi-double. 3 to 4 ft. ....	15 00
Pseudo-cerasus. Single-flowering varieties. 3 to 4 ft. ....	15 00
Pseudo-cerasus. Dwarf Cherry for forcing purposes; pot grown, twisted branches; with buds. 1½ to 2 ft. ....	45 00
Pseudo-cerasus. Same, with straight branches. ½ to 2 ft. ....	40 00
Pseudo-cerasus, "Mount Fuji." Rare variety. This is the most remarkable variety of flowering Cherry ever produced in Japan. Pure white, large blossoms; hardy and vigorous grower. 2 to 3 ft. ....	30 00

Prices quoted are free ex cars New York, cartage extra.

DECIDUOUS ORNAMENTAL TREES AND SHRUBS—Continued

	Per 100
<b>PAULOWNIA imperialis.</b> A very noble deciduous tree; rapid growth; large leaves. Good for shade tree. 2 to 3 ft. ....	\$20 00
<b>POTENTILLA fruticosa.</b> A hardy shrub, growing about 2 ft. in height and producing elegant yellow flowers. ....	40 00
<b>PYRUS Japonica (Cydonia).</b> Pretty, bright scarlet flowers are produced in abundant profusion on this shrubby bush. Most suitable for forcing purposes. 1½ to 2 ft. ....	30 00
<b>Japonica.</b> The same, with white flowers. 1½ to 2 ft. ....	30 00
<b>Japonica.</b> A winter-flowering variety; pretty, deep scarlet flower, opening as early as December in open air without any protection. New and rare. 1 to 2 ft. ....	50 00
<b>spectabilis (Flowering Quince).</b> Lovely pink flowers like those of the Crab Apple cover the whole plant; most suitable for forcing. Plant, with buds, 2 to 2½ ft. ....	35 00
<b>RIBES fasciculatum (Japan Garden Currant).</b> Pretty Currant-like red berries, appearing in umbel form, nearly covering the branches, and remaining after the leaves fall off. Good plant. 2 ft. ....	50 00
<b>SOPHORA Japonica.</b> Ornamental deciduous tree; white papilio flower. ....	30 00
<b>STACHYRUS præcox.</b> Ornamental tree; yellow flowers in hanging racemes, in Midwinter. ....	30 00
<b>STERCULIA platanifolia.</b> Noble tree; luxuriant foliage and smooth green trunk; very quick grower; suitable for avenue planting. 3 to 4 ft. ....	25 00
<b>STUARTIA Pseudo-Camellia.</b> Deciduous tree; single, white, Camellia-like flowers in Midsummer. 2 to 3 ft. ....	30 00
<b>STYRAX Japonica.</b> A popular tree, with handsome, bell-like, white flowers hanging underneath the leaves, making a most beautiful appearance when in full bloom. 1½ to 2 ft. ....	30 00
<b>Obassia.</b> Long, white flower-spikes, resembling Wistaria, appear in May; flowers very sweet scented; tree grows 20 to 30 ft. high, and has large, showy leaves. 2 to 3 ft. ....	30 00
<b>VIBURNUM Carlesii.</b> A new variety of recent discovery; pink shaded white flowers, resembling a large Bouvardia, appear on almost every point of strong growth; very hardy. 1½ to 2 ft. ....	75 00
<b>dilatatum.</b> ....	35 00
<b>tomentosum plicatum (Japanese Snowball).</b> 2 to 2½ ft. ....	30 00
<b>Wrightii.</b> ....	50 00
<b>WISTARIA.</b> See Climbers.	
<b>ZELKOWA Keaki.</b> One of the very important timber trees in Japan because of its hardness of wood and durability; as a garden tree it is also very ornamental. 2 to 3 ft. ....	15 00

## Conifers

<b>ABIES brachyphylla.</b> Grown in mountainous lands; rich foliage; valuable timber. Height 1 to 1½ ft. ....	50 00
<b>firma.</b> 1½ to 2 ft. ....	30 00
<b>Tomomi.</b> Somewhat resembling <i>Picea pungens</i> , but having thinner foliage; when started to grow it grows very much more quickly. One of the showiest kinds among the conifers. 2 to 3 ft. ....	75 00
<b>Veitchii.</b> Highly ornamental conifer. Height 1 to 2 ft. ....	50 00
<b>CEPHALOTAXUS drupacea.</b> 1 to 1½ ft. ....	22 00
<b>drupacea.</b> 2 to 2½ ft. ....	35 00
<b>pedunculata.</b> 1 to 2½ ft. ....	50 00

Prices quoted are free ex cars New York, cartage extra.

CONIFERS—Continued		Per 100
<b>CRYPTOMERIA</b> Bandai-sugi. Suitable for lawn planting. Height 1 ft. ....		\$40 00
Japonica. 2 to 2½ ft. ....		25 00

	Per 100
<b>CITRUS Japonica</b> (Kumquat Orange). Elliptical fruit. 1 to 1½ ft. ....	\$20 00
Round fruit. 1 to 1½ ft. ....	20 00
<i>var. Omi.</i> Large, oblong fruit. 1 to 1½ ft. ....	25 00
<b>Satsuma Orange,</b> on true trifoliata stock. 1 year old. ....	\$70 per 1000.. 7 50
2 years old. ....	125 per 1000.. 15 00
3 years old. ....	225 per 1000.. 25 00
Any of the above four kinds, pot grown, with fruit, 1 to 1½ ft. ....	50 00
<b>CASTANEA Koraiensis</b> (Korean Chestnut). Seedling, 2 to 3 ft. ....	5 00
<i>vulgaris Tamba</i> (Mammoth Chestnut). Grafted plants. 2½ to 3½ ft. ....	5 00

Prices quoted are free ex cars New York, cartage extra.

FRUIT TREES—Continued

	Per 100
DIOSPYROS Kaki (Persimmon). Sweet varieties, assorted. Grafted trees. 2½ to 3 ft.....	\$6 00
Kaki, Twentieth Century. New variety of recent discovery, large fruit; very sweet and delicious.....	15 00
ELAEAGNUS longipes. 1 to 2 ft.....	15 00
ERIOBOTRYA Japonica (Japanese Giant Loquat).....	25 00
JUGLANS cordiformis (Japan Walnut). 2 to 3 ft.....	5 50
Regia. 2 to 3 ft.....	8 00
Sieboldii (Japan Walnut). 2 to 3 ft.....	5 50
MYRICA rubra. 1 to 1½ ft. ....	20 00
RUBUS incisus (Japanese Mayberry). Delicious yellow berry. 2 to 3 ft.....	15 00

**Young Seedlings for Grafting or Budding Purposes**

	Per 1000
CASTANEA vulgaris (Japanese Hardy Wild Chestnut). Seedlings of pencil thickness. 2 to 3 ft.....	\$20 00
CHERRY. Seedlings 2 years old, of pencil thickness, for grafting purposes. 1 to 2 ft..	20 00
CITRUS trifoliata. For grafting orange trees; seedling one year old, thickness 4 to 5 mm. 1 ft.....	\$57.50 per 10,000..
2 to 3 years old, thickness ¼ to ⅜ in.; 2 to 2½ ft.....	\$225 per 10,000..
DIOSPYROS Kaki (Persimmon). Seedlings of pencil thickness. 1 to 2 ft.....	25 00
MAGNOLIA hypoleuca. Seedlings of pencil thickness. 6 to 18 in.....	35 00
Kobus. Seedlings of pencil thickness, for grafting Magnolia. 1½ to 2 ft.....	30 00
MAPLE (Acer polymorphum). Seedlings of pencil thickness. 1½ to 2 ft.....	15 00
PRUNUS Persica (Japan Peach). Seedlings of pencil thickness. 1 to 2 ft.....	20 00
PYRUS Toringo. Cuttings of pencil thickness, for grafting Apple. 1½ to 2 ft.....	10 00
Ussuriensis (Japan Pear). Seedlings of pencil thickness. 1 ft.....	15 00

**Aspidistras**

Per 1000 Leaves

Lurida. Green leaves. Well-established, pot-grown plants.....	\$30 00
Lurida. Green by Rhizom. Leaves cut off.....	15 00
Lurida. Variegated leaves. Well established pot plant.....	50 00
Lurida. Variegated by Rhizom. Leaves cut off.....	30 00

**Palms, Bamboos and Grasses**

Per 100

CHAMÆROPS excelsa. Rapid-growing Palm of easy culture.	
Pot-grown plant. 1 to 1½ ft.....	\$40 00
Pot-grown plant. 1½ to 2 ft.....	100 00
Fortunei. Similar to the above, but is dwarf and has stiff leaves. 1 to 1½ ft....	40 00
1½ to 2 ft.....	100 00
CYCAS revoluta. Dormant stem above 6 in.....	Per 1000 lbs., \$50
Under 6 in.....	Per 1000 lbs., 55
LIVISTONA Chinensis. Handsome Japanese Fan Palm, suitable for house decoration; plant with three to four characteristic leaves; 6-in. pot.....	40 00
RHAPIS flabelliformis. Similar in character to R. humilis, but having broader and stiffer leaflets. Five to fifteen shoots to a pot. 6 in. to 2 ft.	
	Per 100 shoots, \$30
humilis. Fine ornamental Palm, with very graceful leaves; one of the best kinds for house decoration. Five to ten shoots to a pot. 6 in. to 3 ft.	
	Per 100 shoots, \$32

Prices quoted are free ex cars New York, cartage extra.

## Bamboos

	Per 100
<b>ARUNDINARIA fastuosa.</b> Full and erect Bamboo, with luxuriant leaves 14 to 15 ft. in height. Height 1½ to 2 ft. ....	\$40 00
<b>Hindsii.</b> Very bushy and graceful variety; height 15 to 20 ft. 2 to 3 ft. ....	30 00
<b>Hindsii, var. graminea.</b> Similar in character to the above, but with more delicate foliage. 1 to 2 ft. ....	25 00
<b>Japonica</b> (Japanese Arrow Bamboo). Very showy, with large leaves; forms a good bush, growing 10 to 15 ft. in height. 2 to 3 ft. ....	27 50
<b>Simoni</b> (A. Metake). One of the hardiest kinds; height, 10 to 20 ft.; grows well on river banks, having creeping root stocks, which spread very freely. 2 to 3 ft. ....	25 00
<b>BAMBUSA Alphonse-Karri.</b> The same as yellow and green striped Bamboo. 2 to 3 ft	30 00
<b>argentea-striata.</b> Dwarf ornamental, grassy kind, with pretty, white-striped leaves. 6 to 10 in. ....	20 00
<b>aureo-striata.</b> The same, with yellow-striped leaves. 6 to 10 in. ....	20 00
<b>fastuosa.</b> Ornamental, erect-growing variety, attaining a height of 10 to 15 ft., and forming a good bush. 2 to 3 ft. ....	30 00
<b>Hanchiku</b> (Blotched Bamboo). A variety of <i>Phyllostachys Henonis</i> , with dark blotches on the stem. One of the best garden varieties. ....	40 00
<b>Marmorea.</b> Slender stem, growing 4 to 5 ft. 1½ to 2 ft. ....	25 00
<b>nana.</b> Dwarf, compact bush, suitable for pots. 6 to 10 in. ....	25 00
<b>pygmæa.</b> Ornamental, dwarf, grassy Bamboo, suitable for planting in rockery. 6 in. ....	20 00
<b>Senanensis</b> ( <i>B. borealis</i> ). A very hardy kind and grows everywhere, even on the mountains, and resists the greatest extreme of cold. Fully grown, 10 ft. or more; pot grown. Height 1½ to 2 ft. ....	25 00
<b>Taihochiku.</b> Good ornamental kind, forming a nice bush. 2 to 3 ft. ....	25 00
<b>Veitchii.</b> Large, dark green, white-margined leaves, growing 2 to 4 ft., and thriving well in shady places. 1 ft. ....	25 00
<b>vulgaris.</b> Very ornamental kind, growing to immense size in warm climates, and, being a native of Japan, is good for greenhouse decoration. 2 to 3 ft. ....	100 00
<b>PHYLLOSTACHYS aurea.</b> Ornamental variety of easy culture, growing 10 to 15 ft.; forms a good grove. 2 ft. ....	25 00
<b>Castillonis.</b> Green and yellow-striped Bamboo, growing to the height of 15 to 25 ft. 2 to 3 ft. ....	30 00
<b>Henonis.</b> Close ally of <i>P. Quiloi</i> ; stem 2 in. across, and attains the height of 15 ft. 2 to 3 ft. ....	25 00
<b>heterocycle.</b> Tortoise-shell, knotted species, with fine feathery leaves. 2 to 3 ft. .	50 00
<b>Marliacea.</b> Wrinkled Bamboo; one of the rare sorts, growing 15 to 20 ft. 2 to 3 ft.	30 00
<b>mitis</b> (Feathery Bamboo). One of the largest sorts; 6 in. across and 28 to 38 ft. high; its young shoots are eaten as a vegetable. 2 to 3 ft. ....	30 00
<b>nigra</b> (Black Bamboo). Very ornamental kind, growing about 20 ft.; dark stem. 2 to 3 ft. ....	30 00
<b>quadrangularis.</b> Four-cornered bamboo, growing 10 to 15 ft.; delicate nature. 2 to 3 ft. ....	35 00
<b>Quiloi.</b> Most useful giant Bamboo; general garden plant; easy to grow, and remarkable for its height, often 40 ft. 2 to 3 ft. ....	25 00
<b>ruscifolia.</b> Slender, grassy Bamboo; good for planting along banks in shady places. Three to five shoots to a pot. 1 to 1½ ft. ....	25 00

Prices quoted are free ex cars New York, cartage extra.

## Ornamental Grasses

	Per 100
<b>EULALIA Japonica</b> (Japanese Pampas Grass). Very graceful, ornamental grass, producing ostrich-feather-like panicles used for dried bouquets. Strong clumps. . . . .	\$10 00
<b>Natsubo</b> . The same, but a Summer-flowering variety, growing little taller than the above. Strong clump. . . . .	10 00
<b>Japonica Zebrina</b> . White-hooped variegation on the leaves; very showy. Strong root. . . . .	18 00
<b>MISCANTHUS Condensatus</b> . . . . .	18 00
<b>Japonica</b> (Evergreen Eulalia). Foliage remains green all the year round and grows much larger than the common Eulalia. . . . .	15 00
<b>Sacchariflorus</b> . Close ally of Eulalia Japonica, growing 5 to 6 ft., with large, glossy panicles. Strong, creeping root. . . . .	10 00
<b>PHRAGMITES communis</b> (Japanese Rush). Grows to the height of about 10 ft.; its stems are extensively used for supporting Chrysanthemums, and also as the best material for making mats for shading. Strong clumps. . . . .	20 00

## Some Alpines, Hardy Perennials and Flowering Plants

<b>ADONIS Davurica</b> . Lovely canary-yellow flowers, as early as January; highly esteemed for New Year's decorations. Five to ten shoots to a clump	Per 100 shoots, \$4.50
<b>Davurica</b> . Full, double, with greenish-yellow center. Two to five shoots to a clump. . . . .	Per 100 shoots, \$20
<b>ASPARGAGUS Schoberioides</b> . Somewhat similar to A. Sprengeri, but with much finer leaves, and grows longer. Strong roots. . . . .	20 00
<b>Colemani</b> . Dwarf, thick, feathery kind; splendid for pot plants. Strong roots. . . . .	20 00
<b>CIMICIFUGA simplex</b> . Hardy perennial, growing 3 to 4 ft. high, and producing long, white-spiked flowers in racemes. . . . .	12 00
<b>DICENTRA spectabilis</b> (Bleeding Heart). . . . .	15 00
<b>FUNKIA ovata</b> . Large, round, spoon-shaped leaves, with long stipules. . . . .	15 00
<b>ovata</b> . Smaller leaves, with white variegation. . . . .	15 00
<b>ovata</b> . Large, oval leaves, white margined. . . . .	15 00
<b>INDIGOFERA decora</b> . Lovely purplish-red flowers are borne in racemes among dense, pinnate leaves; splendid pot plant. . . . .	20 00
<b>KIRENGESHOMA palmata</b> . . . . .	30 00
<b>PETASITES Japonica gigantea</b> . This giant variety grows its petioles to the height of 6 ft.; the large, round leaves expanded at the top of the petioles form umbrella-shaped plants which are very attractive when fully grown. . . . .	15 00
<b>POLYGONUM Sachalinense</b> . Very ornamental for outdoor growing; 8 to 10 ft. in height; forms a good bush with immense leaves. Strong roots. . . . .	15 00
<b>ROSA acicularis</b> , var. <b>Nipponensis</b> . A hardy Alpine Rose growing to the height of about 1 ft., with lovely single pink, fragrant flowers of 1½ to 2 in. across. . . . .	25 00
<b>SEDUM Sieboldii</b> . Pretty pink-clustered flowers on pendulous sprays, suitable for hanging baskets as well as pot plants. . . . .	20 00
<b>Sieboldii</b> . Same as above, with variegated leaves. . . . .	20 00
<b>SENECIO Kämpferi</b> . Ornamental evergreen perennial, producing yellow, Daisy-like flowers suitable for bed or for border. . . . .	15 00
<b>Kämpferi</b> . The same, with variegated leaves. . . . .	20 00

Prices quoted are free ex cars New York, cartage extra.

## Climbers and Creepers

	Per 100
<b>ACTINIDIA arguta.</b> Hardy, ornamental climber, with white flowers in Summer, and bearing edible fruit. 1 ft. ....	\$30 00
<b>Kolomikta.</b> Beautiful, hardy climber. Its young leaves are usually white at the tip, appearing as if flowering. Strong vine, cut back, 1 to 2 ft. ....	35 00
<b>polygama.</b> Ornamental climber. White flower. Deciduous. ....	30 00
<b>AKEBIA quinata.</b> Ornamental climber, yielding edible fruit. ....	20 00
<b>lobata.</b> Closely resembling the preceding, with three-parted leaves instead of five of the former; flower is fragrant. ....	20 00
<b>BERCHEMIA racemosa.</b> Flexible woody vine, producing white flowers in panicles. 1 to 1½ ft. ....	25 00
<b>CELASTRUS articulatus.</b> Highly ornamental woody vine, bearing yellow berries, gradually expanding to red as the seeds ripen, thus retaining the same appearance for a long time, even after the leaves fall off. 1 to 1½ ft. ....	22 00
<b>CLEMATIS paniculata.</b> Fine, hardy variety; covered with a mass of pretty white flowers; grows freely in any soil. Most suitable for covering the arbor or walls. Strong roots. ....	6 00
<b>HYDRANGEA scandens.</b> See Hydrangea section.	
<b>EUONYMUS radicans.</b> Hardy, small-leaved Euonymus most suitable for covering wall. ....	20 00
<b>radicans.</b> Same as above, with variegated leaves. ....	25 00
<b>SCHIZOPHRAGMA hydrangeoides.</b> See Hydrangea section.	
<b>KADSURA Japonica.</b> Ornamental, woody vine, bearing pretty red, ball-shaped berries, suitable for trellises and walls. 1 to 1½ ft. ....	30 00
<b>LYGODIUM Japonicum.</b> See Fern section.	
<b>MILLETIA Japonica.</b> Elegant climber, with pretty Wistaria-like flowers in Summer. 1 to 1½ ft. ....	28 00
<b>PUERARIA Thunbergiana</b> (Kudzu Vine). Strong root. ....	5 00
<b>RUBUS rosæfolius</b> , var. <b>coronarius.</b> Full, double, regular, climbing Rose; scentless flower of medium size. 1 to 1½ ft. ....	20 00
<b>STAUNTONIA hexaphylla.</b> Splendid evergreen climber, with dark green, lustrous leaves; bears edible fruit; rapid grower and suitable for covering trellises or arbors. 1½ to 2 ft. ....	30 00
<b>TECOMA grandiflora.</b> Commonly known as Trumpet Flower. Beautiful orange-red trumpet-like flowers; very attractive when in full bloom. 1 to 2 ft. ....	30 00
<b>TRICHOSANTHES cucumeroides.</b> Handsome climber, with beautiful velvety, dark green leaves and pretty white, ragged petaled flowers; blooms from evening till morning; when the flowering period is over it bears in abundance pretty lantern-like red fruits about the size of a hen's egg. ....	15 00
<b>VITIS inconstans.</b> Hardy, deciduous creeper; leaves turn bright red in Autumn; splendid thing for covering stone walls. 1 to 2 ft. ....	15 00
<b>rubra.</b> Very pretty, velvety leaves. ....	35 00
<b>WISTARIA brachybotrys.</b> Large, white flower; short spike. 2 to 3 ft. ....	35 00
<b>Chinensis.</b> Large, purple flower; short spike. Flowering size, 2 to 3 ft. ....	35 00
<b>Chinensis.</b> Double purple. 2 to 3 ft. ....	40 00
<b>Fragrant.</b> Dull white; very fragrant. 2 to 3 ft. ....	35 00
<b>multijuga.</b> Purple; very long flower spike, often over 3 ft. 2 to 3 ft. ....	35 00
<b>multijuga.</b> The same, with white flower. 2 to 3 ft. ....	35 00
<b>multijuga.</b> Pale lilac. 2 to 3 ft. ....	40 00
<b>Fine Dwarf Specimens in pot, either white or purple; well branched.</b> 4 to 6 ft.	\$5 to \$20 each.

Prices quoted are free ex cars New York, cartage extra.

## Ferns, Fern Balls and Designs

	Per 100
ADIANTUM pedatum (Five-finger Fern). By root.....	\$15 00
ASPIDIUM viridescens (Hardy Fern). Splendid for rockery as well as for pot. By root.....	15 00
CYATHEA spinulosa (Japanese Tree Fern). Stem 10 to 12 in. long.....	50 00
LYGODIUM Japonicum. Hardy climbing Fern.....	10 00
NEPHROLEPIS tuberosa (Sword Fern). Well-grown plant. In 5 to 6-in. pots.....	15 00

### Fern Balls

	Per 1000
5 to 6 in. diam.....	\$95 00
7 to 9 in. diam.....	160 00
7 to 9 in. diam., 2 years old.....	200 00
Extra size, 10 in. diam.....	250 00

### Fern Designs

	Per 100
Monkey.....	\$30 00
House, Junk, Lantern and Fish Globe Holder.....	40 00
Bird, Raft, Boy on Swing and Boy with Drum.....	30 00
Ring, Cross, Turtle and other simple designs.....	17 50
Rabbit, Billiken, Airship, Jockey on Horse.....	50 00

## Aquatic Plants

CAREX Gaudichaudiana. Handsome aquatic plant, with long, narrow, graceful leaves; most suitable for pots. Large clump in dormant state.....	30 00
JUNCAS communis, var. Zebrina. As a pot plant it is very handsome, growing about 2 ft. high, with abundant stems coming out close together.....	25 00
LYSICHITON Kamtschatcense. Hardy; very ornamental, large, broad leaves, thriving well in marshy ground; has handsome, pale yellow, Calla Lily-like flowers in Spring.....	75 00
NELUMBIUM speciosum (Lotus). The famous water plant grown in Japan for its beautiful flower in Summer.	
Pure White. Rhizomes in pots.....	\$5 for 10.
Light Rose. Rhizomes in pots.....	\$5 for 10.
SAGITTARIA sagittæfolia. Edible tuber, growing in watery places; produces lovely white flowers; it grows well in Hyacinth glasses by simply putting the tubers into water without any soil.....	5 00
SCIRPUS lacustris. Ornamental aquatic perennial; round, singular, stick-like leaves grow from the root in great profusion, often reaching a height of 5 to 6 ft.; elegant for planting along the edges of ponds.....	20 00
lacustris, var. Zebrina. The same, with yellow-hooped variegation; very attractive.....	25 00

Prices quoted are free ex cars New York, cartage extra.

### Dwarfed Tree

**THUJA obtusa nana.** Either green or golden. In fancy porcelain pot, from \$2 up to \$50 each, according to size and age. Fine old specimen trees, from \$20 up to \$50 each.

Tiny Dwarf Tree, with pot; well assorted kinds, \$20 per 100, \$150 per 1,000.

Many other different species of dwarf trees, such as Maples, Larch, Oak, Pines, etc., from \$1 up to \$50 each, depending on age, size, etc.

### Larch Tree Designs

	Per 100
Chicken, House, etc.....	\$125 00
Stork. Small size.....	50 00
Large size.....	80 00
Turtle.....	40 00
