

# ERRATA SHEET

**The Following Corrections and Clarifications Apply to:** Corrective Action Plan for Corrective Action Unit 543: Liquid Disposal Units, Nevada Test Site, Nevada

**DOE Document Number:** DOE/NV--1168

**Revision:** 0

**Original Document Issuance Date:** September 2006

**This errata sheet was issued under cover letter from DOE on:** November 21, 2006

On page ix, Executive Summary, third paragraph, first bullet, first sentence, the claim that there are no contaminants of concern at CAS 06-07-01 is inaccurate. The sentence should read, "**CAS 06-07-01, Decon Pad** is located at the former Area 6 Decontamination Facility. Polychlorinated biphenyls (PCBs) were reported as contaminants of concern (COC) during site characterization (NNSA/NSO, 2005)."
