Psychological Factors, Coffee and Risk of Diabetes Mellitus among Middle-Aged Japanese: a Population-Based Prospective Study in the JPHC Study Cohort

Masayuki KATO, Mitsuhiro NODA, Manami INOUE, Takashi KADOWAKI and Shoichiro TSUGANE

There is a typographical error in the number of the subjects.

The fourth line from the above in the left column on Page 461 should be read as not “Among the 5,927 subjects who did not have,” but as “Among the 5,870 subjects who did not have.”
