SOLINET Introduces Consortial Licensing Program

SOLINET has instituted a new program to benefit library consortia. The Consortial Licensing Program gives library consortia the opportunity to outsource their electronic resource licensing activities to SOLINET.

The program is open to anyone, not just consortial members of SOLINET or library consortia in the Southeast. The program is flexible, allowing customization based on each consortium's own needs and the needs of its members. Services available through the program include managing new offers, handling renewals, setting up a licensing program and administering the program. Specific activities include:

- Identifying member interests and needs
- Handling contract negotiations with vendors
- Creating and maintaining contact lists
- Billing and collecting payments
- Managing trials

To participate in the program or to get more information about it, please contact Ed McBride, SOLINET Chief Marketing

& Outreach Officer, at emcbride@solinet.net or Randy Bell, SOLINET Manager of Program Management & Development, at rbell@solinet.net. The phone number is 800-999-8558.
