PREFACE

We are pleased to introduce the Proceedings of the 30th International Conference of Young Scientists and Students “Topical Problems of Mechanical Engineering 2018” (TopME 2018).

The Conference was held from November 20th to November 23rd, 2018 in Moscow, Russia. It was organized by the Blagonravov Mechanical Engineering Research Institute of the Russian Academy of Sciences (IMASH RAS). The Russian Foundation of Basic Research supported the Conference.

The scientific sections of the Conference covered a wide range of topics on materials science, strength, survivability and safety of machines, tribology, vibration processes and systems, machines mechanics and biomechanics.
