

PREFACE

CEESD 2016 was held in Sanya, China during December 9-11, 2016. CEESD 2016 was organized by Asia Pacific Institute of Science and Engineering, sponsored by HKSME, supported by other organizations. The conference provides a useful and wide platform both for display the latest research and for exchange of research results and thoughts in broad Environmental Engineering and Sustainable Development. The participants of the conference were from almost every part of the world, with background of either academia or industry, even well-known enterprise. The success and prosperity of the conference is reflected high level of the papers received.

The proceedings are a compilation of the accepted papers and represent an interesting outcome of the conference. This book cover 4 chapters: Environmental Engineering; Sustainable urban planning and development; Water and wastewater treatment; hydrology.

We would like to acknowledge all of those who supported CEESD 2016. Each individual and institutional help were very important for the success of this conference. Especially we would like to thank the organizing committee for their valuable advices in the organization and helpful peer review of the papers.

We sincerely hope that CEESD 2016 will be a forum for excellent discussions that will put forward new ideas and promote collaborative researches. We are sure that the proceedings will serve as an important research source of references and the knowledge, which will lead to not only scientific and engineering progress but also other new products and processes.

Prof. Hsin Chu, National Cheng Kung University, Taiwan
