

There are no words that can describe our respect for all of the guests and participants of the International Conference on Environmental Resources Management on Global Region 2017 or sorted as ICERM 2017.

ICERM 2017 is our first year international conference which directly organized under the Departement of Environmental Geography, Faculty of Geography, Universitas Gadjah Mada Yogyakarta. In this year, we brought six topics: Water and Waste Management, Degradation, Efficient Urban Resources, Disaster Risk Reduction, Geomaritime, and Urban Climate and Energy Management.

This year, we are proudly presents six (6) keynote and invited speakers, they are:

- Dr. Sadjuga, Ministry of Research and Technology for Higher Education, Indonesia
- Prof. Dr. Lars Ribbe, Institute for Technology and Resources Management in the Tropics and Subtropics, Cologne University of Applied Sciences, Germany
- Dr. I Nyoman Radiarta, Head of Institute for Marine Research and Observation (BROL), Bali, Indonesia
- Prof. Makoto Takahashi, Department of Social and Human Environment, Graduate School of Environmental Studies, Nagoya University, Japan
- Prof. Marwa Khalifa, Planning & Urban Design Department, Faculty of Engineering, Ain Shams University, Egypt
- Prof. Aly El Bahrawy, Faculty of Engineering, Ain Shams University, Egypt

All efforts that we have done here, were not only for fulfill our task as commitee of this conference, but we realized that environmental issues has to be mentioned in our daily life. Because what we have received today, are the deposit from our descendant, so we have an obligation to keep all of the resources in a balance, as we campaign for our mission.

In the end, by this conferece we wish our mission will be spreaded to all over the world and will always be remembered, and delivered without end.

Denpasar, 25 November 2017  
Chairman of the organizing Committee,

**Dr. Muhammad Anggri Setiawan, M.Si.**
