

**Supplementary Material**

**Table S1.** CANTAB battery and test variants (completed in the exact same order)

Test Code	Variant	Cognitive process
MOT	Voice	Sensorimotor function / comprehension
RTI	Five-Choice	Processing and psychomotor speed
SWM	Recommended standard 2.0	Working memory and strategy
VRM	Recommended Standard (immediate)	Verbal memory and new learning
PAL	Recommended Standard Extended	Visual episodic memory
OTS	Standard	Planning
RVP	3 Targets	Sustained Attention
ERT	short	Emotion Recognition
<i>VRM (recommended Standard delayed)</i>		
MTT	Standard	Multitasking

**Figure S1.** A priori sample size calculation based on expected small effect sizes
